

WWII Research Proposal

Objective: Identify and develop a thesis statement that provides direction, academic value, and achieves the assignment's mandate: "How did WWII change the world?"

Directions: Complete the form and submit to Mr. Kohler. The student may not continue to research or write a paper until the thesis and proposal is approved by the instructor.

1. Describe your topic.

(Start typing here)

2. Why is the topic listed above interesting to you?

(Start typing here)

3. How does the topic provide academic value?

(Start typing here)

4. How will you research your topic? Provide three resources you may use in order to conduct research.

(Start typing here)

5. Describe, in detail, how you *believe* your topic addresses the question: How did WWII change the world?

(Start typing here)

6. Construct a strong thesis statement that you would use in your paper.

(Start typing here)

By signing this document, the student listed below agrees that he/she has not plagiarized any portion of the research proposal and will inquire with the instructor to change any facet of the proposal in the future.
